What is CricketHERO?

CricketHERO™ is a cricket development brand. We are passionate about the physical & emotional growth of every young athlete. We use cricket as our tool to achieve this.

Why CricketHERO?

CricketHERO™ has been carefully tried and tested.

The specialised coaching programme is formulated to teach children whilst playing games & at the same time, developing basic essential cricket skills without the pressures of formal training.

THE PROGRAMME FOCUS

We focus on fun while incorporating technical development in batting, bowling and fielding. We play cricket related games to develop analytical and strategic thinking and learning.

We create mini-matches to bring about the structure and understanding on how the game is played and while this all takes place we have taken steps to integrate **Agility, Balance, Coordination and Speed (or the ABC'S) of LTAD (long term athletic development)**

BENEFITS

- Gross Motor Skills
- Analytical thinking
- Active Lifestyle
- Coordination +
- Cricket **FUN**damentals
- Self-esteem
- Social interaction
